

Aftermarket support

Coperion and its technology brands develops, produces, and services plants, machinery, and components for the food, pet food, baking, pharmaceutical, and cosmetics industries.

All technologies and complete systems are designed and manufactured with long-term performance and efficiency in mind, and our turnkey installations are some of the most complex and advanced systems on the market.

These comprehensive production-line solutions, combined with a group-wide emphasis on service-know-how and long-term relationships with customers mean that Coperion has the collective synergy to continue growing, innovating, and shaping the world of processing.

Unifying technologies Unlocking possibilities

Coperion embodies a legacy of renowned technology brands with a history of innovation.

As a global leader in bulk material processing systems, Coperion unites the expertise of these brands, creating a powerhouse of advanced engineering solutions for industries worldwide.

Aftermarket support

Filtration parts

- Filter bags & cages
- Cartridges & poliplets
- Diaphragm & solenoid valves
- Timers, gauges & gasketing
- Explosion panels & fans

Line components

- Straight piping & tubing
- Elbows & laterals
- Wyes & tees
- No ledge couplings
- Material hose & fittings

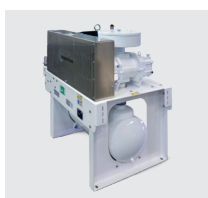

Feeder parts

- Helixes & nozzles
- Vinyl hoppers
- Weigh modules & load cells
- Motors, reducers & frequency drives
- Controllers

Airlock & valve parts

- Knife gate, iris & butterfly valves
- Shear protectors & blow thru transitions
- TS4 seal assemblies & bearings
- Air purge kits & drive packages

Pneumatics parts

- Blowers & motors
- Silencers & sound enclosures
- Inline & intake filters
- Gauges, valves & instrumentation

Extruder parts

- Elements, shafts and barrels
- Gearbox replacements, repairs & exchanges
- Lubrication & oil cooling system upgrades
- Extruder modernizations

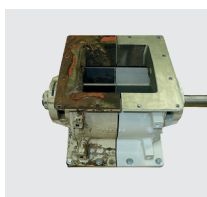

Forming parts

- Wirecut, frozen dough & rotary moulder parts & wirecut dies
- Rotary cutters, laminators & sheeters parts
- Bread moulders, dividers, rounders & proofers parts
- Cooking systems for cereal and confectionery

Mixer parts

- Bowl replacements & mounting rebuilds
- Motors & gearboxes
- Mixing agitators & shafts
- Sanitary seal conversions

Repairs & modernizations

- Coperion & competitor airlock repairs
- Volumetric & gravimetric feeder repairs
- Diverter & spheri valve repairs
- Volumetric to gravimetric upgrades
- Control platform upgrades

24/7 service

- Connect Advisor remote services program
- Start up & installation supervision
- Preventative maintenance & calibration services
- On-site & remote training
- Filter repairs & bag change outs
