

SHEET CAKE BORDER LINE

May be shown with optional attachments, our lines typically use our M2 Depositor for all bordering applications.

Unifiller's unique Sheet Cake Border Line is a fully automated solution for "touch-less" application of top and bottom shell borders for up to 10 sheetcakes a minute!

Eliminate the need for labor with this electronically controlled system that allows you to run pre-programmed recipes at the touch of a button. Pair with a Deco-Bot for additional cake decorating including writing, drizzling and rose application.

KEY BENEFITS

- Automatically apply shell borders on up to Half Sheet Cakes (16" x 12", 406mm x 305mm) at 10 cakes per minute
- Automated cake turning—minimal labor required
- Capable of different color borders
- Pair with a Unifiller Systems Sheet Cake Icing Line for a complete sheet cake icing solution

SYSTEM INCLUDES

- 29ft (8.8m) conveyor with four shell border stations, or 33ft (10m) conveyor with optional rosette station
- Recommended spare parts and organized, visual consumables management system

FEATURES

- Touch screen operator interface with storage for 100 recipes
- Computer controlled production speeds, up to 10 cakes per minute

Specifications

SPEED

Up to 10 cycles per minute

ELECTRICAL

220 VAC,
3 Phase,
30A, 50-60 Hz,
(non GFI supply)

AIR

28 CFM
@ 80 psi
(793 L/min
@ 5.5 bar)

NOTE: Equipment quoted is designed to run at the quoted speed and is dependent on operator efficiency, skill, deposit size and product consistency.
